

# Introducing the “Foundations” Discipleship Series Resource: *Walk One-on-One with New Believers*

---

Workshop 4—Jeremy Pittsley

Foundations is a three-part, one-on-one Bible study series that has been created to be used as a tool to assist mature Christians in helping establish new believers in the basics of Christian life and doctrine.

Believers are exposed the Bible’s teaching on a variety of topics. Each of these has been chosen to help those who have just begun to follow Christ acquire a sense of direction in their Christian walk and equip them for the lifelong journey of becoming more like Christ.

**Part I** reviews the gospel, the basic facts of our relationship with God, and one of the first steps of obedience for a follower of Jesus Christ: identifying with a local church.

- *Salvation*
- *Perseverance*
- *Confession of Sin*
- *Baptism and the Lord’s Supper*

**Part II** builds on the discipline of Bible study begun in Part I and guides new believers through four necessary practices for developing Christian maturity.

- *The Word of God*
- *Prayer*
- *Temptation*
- *The Local Church*

**Part III** tackles the doctrines of Christ and the Holy Spirit, then returning to the beginning, this time equipping the disciple to participate in Christ’s mission and to become a disciple-maker himself.

- *The Son of God*
- *The Holy Spirit*
- *Sanctification*
- *Stewardship*
- *Evangelism*
